1.   The following is an examiner's statement of reasons for allowance: the prior art

does not disclose method and apparatus for monitoring live electrical equipment at high

or medium voltage having a combination of at lease one sensor unit placed on the

equipment, comprising a first radio antenna, a sensor for producing a digital signal

related to a determined physical parameter at a point to be monitored, and amplitude-

modulation means connected to the sensor and to the first antenna, and activated by the

energy received by said antenna, a transceiver unit placed outside the equipment and

having a second radio antenna for emitting a radio wave to illuminate the first antenna, a

power supply source, and signal processing means connected to the second antenna and

the first antenna retransmitting towards the second antenna the radio wave that has been

transmitted thereby, while simultaneously amplitude-modulating it in response to the

output signal of the sensor, said signal processing means being arranged to provide a

signal related to said parameter.

        Any comments considered necessary by applicant must be submitted no later than

the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on

Statement of Reasons for Allowance."
